

Specific Conditions during the CORONA pandemic

DATE

NAME

I agree that the operation during the Corona pandemic will be carried out under separate conditions and can only take place under binding compliance with the legal, official and FSZ (hygiene concept) regulations. I also agree that a daily flat rate of 7,50€ will be charged due to the corona pandemic and the additional costs involved. This will be booked on the first ticket of the day and is independent of the number of jumps desired.

The hygiene concept is available on the manifesto and can be found on the website (www.fsz-hassfurt.de). I will read the concept and with my signature I will commit myself to adhere to it.

Should I feel uncomfortable or overburdened in complying with the measures or suspect danger in safety, I will also report this and refrain from further practice of the sport. I agree that my body temperature can be measured.

I release the operator of the jump operation and his vicarious agents from any liability in connection with the prescribed "corona measures" even if I should become infected with the corona virus despite compliance with the separate conditions.

I have to follow the instructions of the person responsible for hygiene, the functional staff and the pilot, and I will also contribute on my own initiative to avoid infection of myself or others. Only jumpers and functional personnel are allowed on the premises of the FSZ Hassfurt. Excluded from this is the camping site after prior registration, but only for relatives of jumpers. A separate hygiene concept for this can also be found on the website.

In case of non-compliance, I am aware that I may be expelled from the premises of the FSZ Hassfurt e.V. without good reason.

Should I have any signs of fever, cough or other corona or cold symptoms, I will immediately report these to the manifest or the hygiene officer, will not participate in the jumping operation any longer and will leave the area immediately.

Should I find out that I fall ill with Corona until 14 days after the last jump, I will report this to the operator independently and immediately.

In order to ensure the traceability of the contacts, I will inform the public health department responsible for me as well as all persons who have come into contact with me, so that they can also counteract any further spread of the virus.
